"I was taken suddenly with diarrhoea and was about to give up the trip, when Editor Ward, of the Laceyville Messonger, suggested that I should take a dose of Chamberlain's Colic, Cholera, and Diarrhoea Remedy. I purchased a bottle and took two doses -one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dyscotery. I bought a bottle of this same remedy and this time one dose cured me." Sold by Hansen Y '- and Co.

THE THAMES BANDS.

The departure of the Hauraki Band for the interprovincial band contest at New Plymouth and the appointment of the Naval Band to the position of Battalion band makes the present an opportune time to refer briefly to the progress made by the musical combinations mentioned, and to the strong claims that they posseds on the support of the district. As one of the senior bands of the Auckland district the Thames Naval Band has had most honorable and useful career. Of late owing to frequent changes in conductors, the departure of members from the district to seek employment

the band has had a somewhat difficuit row to hoe; and in the latter respect the Hauraki Band have also had to contend against defections from the same cause. But both pluckily held their ground and despite these adverse conditions have satisfactory progress. The Naval Band was rewarded for its lengthy and efficient service by its appointment as battalion band, and with the engagement of Mr J. Gordon as conductor, the progress made by the younger members, and the general improvement in its conditions the future looks bright indeed. Of the Hauraki Band, it must be said that they are to be highly complimented upon the enterprice shown by every member from the conductor downwards. For a comparatively young band established 3 years ago to make such progress as has been effected is gratifying to members and supporters alike. It is to be regretted that the conductor, Mr E. Walliams, contemplates leaving the district; it will be a serious drawback to a band of considerable promiss. The enterprise shown in competing at the New Zealand Brass Bands Association competition this month is in every way commendable, and as we have previously said, we believe that the Hauraki Band will creditably uphold the honor of the district. The services of each bred have been freaty placed at the disposal of the public and whenever a charitable object required help assistance was readily given. The public apparently appre clate these factors, and they too do their share freely and generously. It is but right that this should be so and if the local authorities provided a band rotunda in Victoria Reserve and arranged to have open air con-certs the bands playing every alternate Thursday, general satisfaction would, we are sure, be expressed. In other districts the local bands are looked upon as one of the most valuable adjuncts, and every a sistance possible

bands will be of even a more closer nature than they are at present. The North Island section of the Ninth Contingent leaves Auckland on Wednesday, 19th inet. A half holiday will be observed and a large number of Thames residents should make the

It says something for the spirit of the Parroa professional mea when many of them are privates in a corps officered by a farmer, a shopkeeper and a law-clerk, save the Free Lance, Wellington. The fact of a clerk being able to insist on his "boss" shoulderng arms, or performing the allegediy scesary rifle gymnastics of the "red ook," must be comforting-to the erk. Ship on Fire. CARGO VALUED AT £40,000

(Per Press Association.) WELLINGTON, March 6. A fire broke out in the ferebold of the barque Jessie Orborne, londing for London. How the fire originated is unknown. Both foreholds contained wool and flax and had been closed all yesterday. The vessel had almost completed loading for London and was expected to sail on Sunday. The present

cargo on board is valued at about

£40,000 but the extent of the damage

is not available or the insurance. The

cargo and vessel have suffered considerably.
